Professional La

Brother QL label printers have taken label printing to new levels. Whether you need one label or many, in black on white, yellow or clear for your home, office or warehouse, there's a Brother QL solution to match your exact needs. With continuous rolls or die cut labels, there's a QL label printer that can help you organise your life.

**Brother QL-500
Label Printer**

The Brother QL-500 direct thermal label printer makes it easy to create customised labels for a wide variety of home and office applications, including files and folders, signage, envelopes and packaging, shelves, storage, CDs, videos and bar codes.

- Prints addresses, bar codes and shipping labels up to 62 mm wide at speeds of up to 50 labels a minute
- Includes P-touch Editor software that allows you to create custom layouts with bar codes, graphics, true-type fonts and special formatting, including frames and tables
- Highlight, click and print option for quickly printing labels from popular Microsoft Office applications, including Outlook, Word and Excel
- Prints both die-cut peel-off labels and continuous length tape
- Manual cutter trims labels to the size you require

**Brother QL-550
Label Printer**

Direct thermal label printing directly from your PC. The Brother QL-550 offers all the features of the QL-500, with an automatic cutter. This means you can print labels of virtually any size or design and the QL-550 will automatically provide a label with smooth, straight edges.

- Fast, professional printing of high-quality labels, bar codes, banners and signage at up to 300 dpi resolution
- A wide selection of label types is available for almost any labelling application in the home or office
- Direct thermal printing technology eliminates the need for toner, ink and ribbons
- A USB interface and P-touch Editor software makes it compatible with Microsoft Word, Outlook and Excel
- Automatic cutter produces perfect labels from both die-cut peel-off labels or continuous length tape

Labelling Systems

**Brother QL-650 TD
Label Printer**

Unique in the labelling market, the QL-650 TD prints die-cut labels in nine popular sizes as well as continuous-length labels, even when it's not connected to your computer! The fastest, easiest and most versatile way to print labels in seconds.

- Prints die-cut and continuous labels up to 62 mm wide at printing speeds of up to 56 labels a minute
- Even disconnected from your computer, the QL-650 TD prints from 8 pre-set or 10 custom label designs
- By connecting the QL-650 TD to your Mac or PC, you can print photos, logos and bar codes with the software provided – an automatic cutter trims everything to size
- Built-in time and date printing at the touch of a button
- RS232/Serial and USB ports, ESC/P printing and a front panel display showing time, date and message

**Brother QL-1050
Label Printer**

Featuring a wider, high-resolution direct thermal print head that enables you to print high-quality labels up to 102 mm wide at print speeds of up to 110 mm/second, the QL-1050 is the latest addition to Brother's range of Professional Label Printers.

- Windows and Mac interfaces, a durable built-in cutter and P-touch Editor printing software add versatility for the most advanced label printing applications
- Prints up to 66 standard four-line address labels a minute at 300 dpi resolution
- Serial interface for ESC/P and ASCII input
- QL add-ins for printing directly from MS Word, Excel and Outlook
- Internal fonts and memory for storing label templates, true-type fonts for printing from a PC
